### Call for Volunteers

- Space Gazette Reporter
- Photographer
- Yuri's Night Party organizer

Greetings Astronomy and Space Enthusiast,

If you were present at our Annual Symposium on January 25<sup>th</sup>, we thank you for coming and hope you enjoyed the show! Much effort was put in this event and we are very happy of its success. Please give us feedback or comments about this event at: [space.society@utoronto.ca](mailto:space.society@utoronto.ca). Thank you!

Please see below for this month's events and news.

Clear Skies,  
ASX

## ASX Call for Volunteers

ASX is presently looking for enthusiastic volunteers to contribute to ASX's success and help achieve our goal of inspiring people about space. Let us know if you are interested in any of these positions or would like to help out in our other upcoming events.

Here are specific positions:

### Space Gazette Reporter:

In partnership with the Canadian Space Society, we are looking for someone to cover ASX events for publication in the Space Gazette. Ideally, you should be a good and creative writer and have an interest in space and astronomy. Possible tools that can be used include interviews, surveys and discussions to produce technical articles. This would be a unique opportunity for you to be the author of published articles, meet great people in the field and share with others your interest in space.

### ASX photographer:

We are looking for someone who can take good pictures and would be present at our events to do photography. You will be given full recognition on the ASX website of your work. If you like photography and space, this is for you.

### Yuri's Night organizer:

ASX is considering hosting a Yuri's Night party here in Toronto. This is an international party that is celebrated all over the world on April 12<sup>th</sup> to honor Yuri Gagarin, first man in space. If you like organizing parties and admire Yuri as we do, we want to hear from you! Visit: <http://www.yurisnight.net/2008/>

If you are interested in any of these positions or have any questions, please email us at [space.society@utoronto.ca](mailto:space.society@utoronto.ca).
